Camping Recipes

Hillbilly Breakfast

This is so easy to make, and you can add whatever you want, and clean up is easy.

Prep Time: 30 minutes

Ingredients:

1 bag shredded hash brown

6 eggs

1 lb sausage or ham, cooked

1 medium onion, chopped

2 cups shredded sharp cheese
seasoning salt and pepper

red, yellow, or green peppers, optional

Preparation:

Take an aluminum foil cooking bag sprayed with pam, sprinkle with seasoning salt and put some pats of butter in the foil bag. Open a bag of hash browns, beat eggs, chop onions, pour all ingredients into the bag of hash browns, and mix by squeezing. Then pour the mixture into the foil cooking bag and spread out. Add some salt and pepper, more seasoning salt, and a bit more butter on top of the hash brown mixture. Place the aluminum cooking bag on a preheated grill (medium heat) and turn the bag every five minutes. The bag will start to puff and you can open it to check for doneness.

Servings: 6

Preparation time: 30 minutes

Photo Contest Winner

Sewer Notice

In order to maintain the current cost of sewer service it is imperative that only RV toilet paper be used in the sewer system. No grease, oil, napkins, paper towels or tampons into the sewer system as the grinder pumps can break and clog the system. You may be billed for any repairs if you're responsible for any damage.

As the saying goes:

"If you break it you pay for it"

PUZZLE WINNER...
